MEMORANDUM FOR: Members, DCI Security Committee

FROM:

[Redacted]

Chairman

SUBJECT: DCID 1/14 Adjudication Guidelines

1. On 19 July 1984, the Personnel Security Subcommittee (Pers S Sub) approved modifications to the DCID 1/14 Adjudication Guidelines ("Close Relatives and Associates" (p. 10); Cohabitation (p. 11)) as noted in attachment #1. The CIA Office of General Counsel (OGC) later proposed an additional change to modify the text of the newly titled section on "Sexual Considerations in SCI Adjudication," to read as shown in attachment #2. The OGC proposed language is intended to reflect the appearance as well as the substance of an even-handed approach to adjudicating cases involving homosexual conduct and other forms of sexual misconduct. The Pers S Sub approved the OGC proposal at their 5 September meeting by a vote of 8 to 1; Air Force, DoE and DIA were absent; Justice abstained.

2. Please consult with your Pers S Sub members and others as needed and be prepared to vote at our 12 September meeting on all the proposed modifications shown on the attachments.
